Voters Return Council Trio, Select Hohn

58% of Voters March To Polls; Aspirants In One Close Bid

Policies pursued by majority members of the city council which have brought both progress and tax reduction to Redwood City were approved by voters in Monday's election when they returned three incumbents to office and selected their running mate to fill the fourth vacancy.

Results were as follows:

(Elected)

William Hohn	1846
George McNulty...	1740
Robert N. Jones...	1538
Paul A. McCarthy.	1505

(Defeated)

Eugene F. Cerqui..	1335
Dr. Paul Wagner..	1257
H. Lee Irwin.....	1213

Surprise of the election to many was the unusually heavy vote polled by Hohn, groceryman who has been a property owner in Redwood City for 22 of his 64 years. Although Hohn has been in business here since 1927, and has taken an active interest in civic affairs and in the chamber of commerce, of which he is vice president, he is a newcomer to city politics.

Hohn was high man in six of the eight consolidated precincts.

McNulty, councilman for 20 years and a lumber dealer, had been conceded to have the best chance to run high because of his veteran service to the city.

Jones, on the board since 1932, is an engineer. McCarthy, councilman seven years, is an attorney.

STAND ON POLICIES

The three incumbents and Hohn were teamed on a ticket endorsed and vigorously supported by The Tribune.

Their platform was a pledge to continue policies pursued during the past four years.

The issue of public ownership of the Pacific Gas and Electric Company's city distribution system, advocated by the four, loomed large on their platform.

It is expected Hohn will join with McNulty, Jones and McCarthy in pushing plans to submit the power proposition to the voters as soon as all facts surrounding the acquisition are obtained.

The proposed development of Redwood City Harbor will probably be the chief object at present, however, of the city council's actions. All seven members of the council are in favor of harbor development.

FOURTH PLACE CLOSE

Early returns in the close election appeared to give Cerqui, native-born Redwood City man, a chance to be elected over McCarthy. In his own precinct, No. 3, with polling place on the Woodside road, Cerqui was given a large vote. He and his teammates each secured more votes in that area than any of the other four candidates.

Cerqui also ran ahead of McCarthy in precincts 2 and 3, but the incumbent gained 145 votes over Cerqui in precinct 7, with polling place at the woman's clubhouse. McCarthy's lead in precinct 8, in the north end of the city, also was substantial.

Wagner, practicing physician here and retired army officer, and Irwin, retired naval lieutenant commander, polled their greatest strength in precincts 2, 3 and 4.

58% VOTE CAST

The exciting race, returns from which were watched by hundreds of people who attended The Tribune's "election party" and by hundreds who kept the newspapers three truck telephone lines almost continuously busy, drew a vote of 2,767 of Redwood City's 4731 who were eligible for the municipal election—a total of 58.5 per cent.

Two years ago when Councilmen Evans A. Fletcher, James M. Eva and Louis C. Christensen were elected on a "New Deal" platform, only 48.8 per cent of the registered voters went to the polls.

The three are now holdover members of the city board.

MAYORALTY UNCERTAIN

Hohn will be formally seated on the council at its next meeting, next Monday evening, April 20, at which time Mayor Charles G. Lambert, who declined to be a candidate again, will retire.

FEATURED ON SEQUOIA BILL

Nelson Eddy and Jeanette MacDonald as they appear in "Rose Marie," playing at the Sequoia Theatre Sunday, Monday and Tuesday. On the same bill will be Barton MacLane in "Man of Iron," with Mary Astor. There will be a continuous show Sunday starting at 1:30.

McGRATH SAYS HARBOR FUND OUTLOOK GOOD

Federal Assistance To Follow Raising Of City's Share

Congressman John J. McGrath, San Mateo, home for a brief visit while on a House Naval Affairs Committee inspection trip to Alameda and San Diego, reported Monday that chances remained bright for federal financing of part of the Redwood City harbor facilities.

"I'm satisfied that I can find the money somewhere in the federal funds in the immediate future," he said. "I'm not saying this just to please the people of Redwood City."

McGrath also said he anticipated success in his efforts to secure $3,000,000 to build the Ocean Shore Highway as a defense road. The chairman of the house roads committee promised the congressman, he said, to report out favorably McGrath's resolution asking the funds.

VIKINGS TAKE JEFFERSON

DALY CITY, April 14.—Palo Alto high school's 120 and 110-pound track teams defeated Jefferson high school here yesterday. The Viking 120s won, 78-8, and the 110s, 46-4. The meet was postponed from several weeks ago.

Chevrolet Plant Continues Full Capacity Output

Maximum production capacity continued to be the order of the day in the big Chevrolet assembly plant in Oakland, it was declared today by Al Davies, manager of the local Chevrolet motor agency.

"Never before has such public acceptance and production and sales momentum been recorded. Chevrolet dealers daily absorb more than 400 cars and trucks that this busy plant is now producing," Davies stated.

The maximum capacity of the Chevrolet plant, it was disclosed, is an average of 7500 cars and trucks per month, and 90,000 units per year. With a bank of orders growing daily, the best efforts of the production department are now being applied to meet the history-making demand.

"Chevrolet is having its best year, not only here in Northern California and Nevada, but all over the country," Davies explained. "Chevrolet is leading in registrations nationally and locally by a sweeping majority, with dealers' demands for cars and trucks indicating no let-up in the upsurge.

"By answering the public's strong desire for features that assure safe driving, Chevrolet has won its dominance. Perfected hydraulic brakes, developed by Chevrolet engineers on the General Motors proving grounds, are a prime favorite with buyers. Turret Top Body by Fisher, introducing the safety of one-piece steel construction, is another vital contribution to the safety first movement."

Chevrolet peak production will continue far into the future, Davies predicted. The factory has been going full-blast, without a stop, since the introduction of the 1936 Chevrolet models last fall, he said, but the unusual demand still has not been satisfied.

PEACH WAFFLES

Blend 1/3 cup butter with ½ cup sugar and 2 eggs. Sift 3 teaspoons baking powder, ½ teaspoon salt, 2 cups flour and add to first mixture alternately with 1 cup milk. Add ½ teaspoon vanilla, ½ teaspoon lemon juice and 1½ cups diced peaches. Cook, serve hot with whipped cream and sliced peaches.

JIMMIE KANE INJURES HAND

Jimmy Kane, 8, son of Mr. and Mrs. Thomas Kane, 153 Iris, suffered a crushed hand yesterday when he caught the member in a merry-go-round under a moving horse at Golden Gate Park in San Francisco while attempting to retrieve a nickel. Part of the floor of the merry-go-round had to be removed to free the youth. No bones were broken.

Tribune Plans Radio Station For Peninsula

Paper Maps $20,000 Investment Locally For Broadcasting

Plans of the Peninsula Newspapers Incorporated—owners of the Redwood City Tribune and the Palo Alto Times—to establish a $20,000 radio broadcasting station on a marsh site near Redwood City and with studios in both Redwood City and Palo Alto were announced Monday by George F. Morell, president.

Application for a permit to operate a station providing a balanced program of education, entertainment and advertising and located on a six-acre site 200 feet from the Bayshore highway on Brittan avenue, San Carlos, has been made to the Federal Communications Commission in Washington.

Hearing on the application is expected to take place in June, according to Morell. He said six months might pass before actual construction begins.

FIRST OF KIND

Meanwhile depositions showing the need of such a station to serve the territory between San Francisco and San Jose are being prepared for submission to the commission.

These affidavits will be accompanied by data showing the financial support behind the broadcasting undertaking.

The application now before the commission is accompanied by maps and population data showing that the peninsula is without any station affording it direct service.

Specifications for the station call for a 195-foot tower with underground wires radiating 195 feet in all directions from the base of the mast. The plant will be a 250-watt station with a frequency of 1160 kilocycles and will have a range of approximately 100 miles. The wave band is a clear one, according to Morell, the nearest station to this frequency in the United States being one on the East coast.

The transmitter will be Radio Corporation of America "high fidelity" equipment.

DEDICATED TO AREA

The station, first in the county to be dedicated exclusively to the peninsula, will be the peninsula's second broadcasting station, KPO having its station at Belmont.

There are eight other wireless stations on the peninsula but all are devoted exclusively to commercial sending.

Press Wireless has both receiving and sending stations in Daly City; Mackay has a station near Palo Alto and one at Lobitas; Hearst Radio is fast completing one station near Redwood City and another on Cahill ridge on the Skyline and Globe wireless has one unit at Mussell Rock and is building another off the Skyline boulevard near the new Half Moon Bay highway.

AT THE REDWOOD THEATRE SUNDAY

Hugh Herbert and Helen Broderick in "To Beat the Band" playing at the Redwood Theatre Sunday and Monday. On the same bill is "The Public Menace," starring Jean Arthur and George Murphy.

DEATH TAKES LOCAL LEADER OF AUXILIARY

Mrs. H. J. Fitzgerald Fails to Recover From Operation

Failing to rally from an operation four weeks ago, Mrs. May T. Fitzgerald, past president of the Redwood City American Legion Auxiliary and for many years chairman of the auxiliary's child welfare work, passed away at 10:55 o'clock Monday night at the Palo Alto Hospital.

Wife of H. J. Fitzgerald, local cafe owner and former member of the Redwood City Police Department, Mrs. Fitzgerald had not been well for three years and had been critically ill for several months.

Born in Troy, N. Y., 41 years ago, she came to San Francisco in 1913 and was married there in 1915 to Fitzgerald. Previously she had lived six years in British Columbia.

Besides her husband, Mrs. Fitzgerald is survived by a son, Richard C. Fitzgerald, 17, Sequoia senior, and by her sisters, Mrs. L. B. Stockslager of Lewiston, Idaho, and Mrs. J. S. Turbett of Santa Cruz.

The Fitzgeralds have lived in Redwood City for 12 years. Their family home is at 141 Whipple avenue.

Besides her legion auxiliary work, Mrs. Fitzgerald was active in the local Red Cross organization.

Park Photos Taken For National Book

Photographs of the new suspension bridge in Memorial Park, of the bath house, gate lodge, entrance gateway, tables, fireplaces and other equipment were made last week for picturization in the 1936 issue of "Park Structures and Facilities," published by the department of the interior, Planning Engineer Ronald Campbell disclosed today. The suspension bridge, nearing completion, is being built by WPA labor instead of National Park Service employes, as reported yesterday.

CEMENT WALK BIDS DUE

Bids for the cement parking strips in front of the new postoffice will be received by Postmaster Robert O'Connell at 11 a.m. Friday, he announced Monday. Bids for screens throughout the building will be opened in Washington, D. C., April 27, he said.

COUNTY FREE OF 'FLU'

Despite prevalence of influenza in several other sections of the state, San Mateo county appears at present to be free of the disease, County Health Director Charles Gans said today.

Black, P. G. E. Head, to Serve On Award Group

James B. Black, president of the Pacific Gas and Electric Company, today accepted chairmanship of the western regional committee which will conduct the Thomas Alva Edison Foundation commemorative campaign.

As western chairman Mr. Black will form a regional committee to represent the states of California, Nevada, Idaho, Utah, Washington and Oregon. Members of the committee will be outstanding leaders in industry, commerce and in education.

The Thomas Alva Edison Foundation was incorporated in 1935 in response to a spontaneous demand since the inventor's death in 1931, for national commemoration of the life and works of America's greatest inventive genius.

Following organization of the foundation a national committee was formed to raise funds by popular subscription throughout the country for accomplishment of its purpose. First of these will be to establish a living memorial, in the form of scholarships, to perpetuate Thomas A. Edison's interest in the advancement of American youth in science, engineering and invention.

The foundation will set up a permanent fund for the support of 100 Edison Scholarships to be awarded annually to candidates ambitious to follow in Edison's footsteps in creative study and research.

Aged San Mateo Man Is Rescued From Home Fire

SAN MATEO, April 14—Rescued unconscious from his burning home, Hans Holmes, 73, was in a "fair condition" today at Community Hospital.

Holmes had a narrow escape from burning to death at 7:30 last night when neighbors saw flames shooting from the roof of Holmes' four-room house on North Grant street, San Mateo, and called firemen who found the aged man overcome by smoke and stretched across a bed in the kitchen.

Fire Chief Hugh Morris, who with his men extinguished the blaze, confining most of the damage to the roof, said that in another 10 minutes, Holmes would undoubtedly have burned to death.

Morris said the fire started from an overheated stove which set the wall on fire back of the stove. The blaze had spread from the walls to the roof and furniture by the time firemen arrived.

School Bond Issue Before P. A. Voters

PALO ALTO, April 13. — Proposal to construct a junior high school and other school buildings and facilities will be before Palo Alto school district voters May 14 when the public will determine issuance of $360,000 in bonds to finance such construction.

A resolution calling the election was passed by the board of education.

The plan is to build a junior high school on the recently acquired 16-acre tract on Middlefield road south of Santa Rita avenue. A new elementary school is also being sought by Crescent Park residents.

Cook School Opens May 5

Of great interest to the housewives of Redwood City is The Tribune's announcement today of its Happy Kitchen Cooking School, to be held May 5, 6, 7, 8, at the McKinley School auditorium.

Under the personal direction of Miss Pauline K. Edwards, the nationally known Home Economist, who has helped thousands of home makers—brides, young mothers, and older housewives—the cooking school promises to be one of unusual benefit, as well as providing delightful entertainment through the sparkling and pertinent remarks of Miss Edwards.

"Cooking has been my hobby, as well as my vocation, for a number of years," Miss Edwards says. "I know of no art where creative ability and imagination bring greater dividends than in the realm of cookery. Every woman who has baked a perfect pie, with a light, flagy crust and delicious filling, or prepared a cake that is a joy to behold and a delight to eat, feels the same thrill of accomplishment as the artist when he views the inspired painting he has just finished.

"Housework too often is regarded mainly as dull routine, while the career of the woman in the business world is looked upon with envy. But the housewife has an independence, a chance to use her ingenuity, and express her individuality in her work, in a way that no girl in an office ever does."

Miss Edwards bubbles with ideas, and practical suggestions for making the preparation of the family meals a congenial task, amid pleasant surroundings. She extends a warm invitation to all the home makers in Redwood City to attend the Happy Kitchen Classes, to be held May 5, 6, 7, 8 in McKinley School Auditorium, and to bring along any questions about meal planning, balanced diets, budgeting, etc., for she will be delighted to give all the help possible.

DUTCH PEACH CAKE

Sift and measure 2 cups of flour, then sift it again with 2½ teaspoons baking powder, ½ teaspoon salt and sprinkle with cinnamon and 2 tablespoons of sugar. Cut or rub in thoroughly ½ cup shortening. Mix together 1 egg and 1 cup milk, beat well and add to dry ingredients. Stir quickly and turn into well greased pan, cover the cake with quartered peaches and sprinkle with cinnamon and sugar. Bake in a moderate oven.

Chevrolet Trucks In Thrilling Tests Atop Pikes Peak

In the first formally observed and timed tests of motor trucks over the perilous hairpin turns and steep switchbacks of the Pikes Peak auto highway, near Colorado Springs, Chevrolet 1½-ton and half-ton trucks demonstrated their power, endurance and efficiency over the course of the annual Labor Day hill climb contest, a distance of 12 miles, 2200 feet, with a rise of 4959 feet from the start to the summit, 14,109 feet above sea level. The upper illustrations show the 1½-ton truck, driven by W. P. Bentrup, on its way to a record of 37 minutes, 52½ seconds, with its full 3000-pound load (it made the run afterward, without load, in 26 minutes, 12 seconds), and the officials at the finish (left to right): Harry Hartz, technical advisor; Robert M. Ross, Detroit Times; Dan Kennedy, Colorado Springs Gazette and Telegraph; and John L. Jenkins, Chicago Daily News. The lower photos show the Chevrolet half-ton truck, which Harry Hartz drove to the summit in 25 minutes, 3 seconds, and the finish of the run of the 1½-ton truck with full load.

State Exchange Head Pays Club Visit Here

Earl Washburn, California state president of Exchange, who lives in Oakland, paid a visit to the Redwood City Exchange Club Tuesday at the Hotel Sequoia to urge attendance at the Paso Robles convention May 15-16.

Other honored guests included District Governors Ed Zwierlein of Palo Alto and H. E. Rowe of Salinas; State Treasurer Jack Shrader of Carmel, and Presidents Harry Hayden, San Bruno, and Henry Collins, Palo Alto.

Palo Alto and San Bruno club members were guests.

Dr. Robert Monteith favored the club with several songs. Pres. J. J. Garland presided.

MENLO PARK NEWS

A large vote was polled at the municipal election last Tuesday. Of the 1168 registered voters 522 came to the polls. This big vote is surprising in view of the fact that there was only one contest for office, that of treasurer. The result of the election was as follows: for city councilmen: J. B. Welsh, 412; Harry Lusk, 364; W. H. Weeden, a write-in candidate, 79; city clerk, Fannie I. Kurtz, 412; treasurer, J. W. Ryan, 210; Frances Maloney, 302.

Mrs. Isabelle Lindquist celebrated her birth anniversary last Thursday at her home where she gave a dinner to a few close friends. The Rebekah lodge of Palo Alto presented Mrs. Lindquist a costly gold mesh evening purse. For some years Mrs. Lindquist has been very active in the work of the organization.

Over 200 guests attended the wedding ceremony of Miss Louise Hahn and Donald Fletcher at the Stanford Memorial Church Tuesday evening. After the ceremony over 50 guests repaired to the Hahn home on Glenwood avenue where a supper was served. Mr. and Mrs. Fletcher have taken an apartment in San Francisco. Fletcher is a Stanford man and an attorney-at-law.

The round tables on which were carved the names of early day students of Stanford University are on exhibition in the Alexander Beltramo Cafe on the highway. These tables are now famous for on them are written the names of men who have gained prominence in the country. The tables were the property of Charles Meyer who conducted a saloon in Menlo Park 30 years ago. When the town "went dry" the tables were shipped to Nevada where Meyer opened a cafe.

Menlo Parlor, Native Sons of the Golden West, is preparing to initiate a large member class shortly.

The Women's Auxiliary of Trinity Episcopal Church will give a dessert bridge party Wednesday afternoon, April 22, at the parish house on Laurel avenue. Mrs. Evans Hammond is chairman of the committee in charge. Assisting her are Mrs. Brian Whiting, Mrs. Thomas Emory, Mrs. W. E. Moore, Mrs. Stanley Pearce and Mrs. John P. Bradeen. Reservations may be made through Mrs. Hammond (Palo Alto 7667) or any member of her committee. Tickets are 50 cents.

For the benefit of the Dominican Sisters at Menlo Park, the play, "Rose of Scarlet," will be given at the Community Playhouse in San Francisco Monday night. A number of dinner parties are being arranged in connection with the event.

Mr. and Mrs. J. M. Wright and Miss Alta Wright of Alameda spent last week-end with the Wrights' son-in-law and daughter, Mr. and Mrs. J. William Ryan.

Robert Odell Jr., is home from the Culver Military Academy in Indiana, where he is a student, to recover from a mastoid infection. He is a son of Mr. and Mrs. Robert Odell.

Mr. and Mrs. William B. Simpson, who have been spending the winter at their Chicago home, 209 Lake Shore drive, are leaving tomorrow for their home in Menlo Park, where they will spend the summer.

$37,000 in Cash Taken by Estate Of James Frazer

Administration of the estate of James Frazer, Palo Alto merchant who died intestate September 10, 1934, resulted in $37,559.45 being received in cash and $40,079.20 being paid out in the past year, Dr. J. C. McGovern, administrator, told superior court today in his "second account and report."

The cash was taken in from collections of accounts and income from the estate; disbursements went into salaries, wages, taxes, insurance and other accounts.

Of the $126,077.48 cash now on hand, $100,000 is in a savings account in the local Bank of America; $3,331.50 is on deposit with the county treasurer; $22,656.36 is in a commercial account in the bank, and $19.62 is in petty cash. In addition to the funds, property and other assets are owned by the estate bringing its value to more than $300,000.

Next hearing in the series to determine heirship is set for April 20 before Superior Judge Maxwell McNutt. Hearing on Dr. McGovern's report is slated for the following Monday. At present 64 claimants have put in bids for shares of the estate, claiming to be relatives of Frazer.

YERBA CAUSEWAY SOUGHT

WASHINGTON, April 16 (UP)—A joint resolution granting consent of congress to permit construction of a toll-free causeway on Yerba Buena Island in San Francisco bay was introduced today by Sen. Hiram Johnson. The causeway would connect the island with a public airport now being constructed on land reclaimed from the bay.

Crossings Hit By State Ban

Hull and Mills Avenue Crossovers to Get Private Gates

An "unhappy record" of grade crossing accidents on the San Francisco peninsula Monday caused the California Railroad Commission to order closing of five crossings to public use, according to the Associated Press.

The Beech street crossing in Redwood City was one of the five.

Another included the Eaton road (or Finger avenue) crossing in San Carlos where Miss Audrey Wheeler, Sequoia senior, met death four weeks ago, and Miss June Harra, sophomore, was seriously injured.

HULL PRIVATE CROSSING

The order also closed the Hull street crossing in San Carlos to public use, but allowed its continued operation to parties directly affected, permitting continued use as a private crossing by persons having agreements with the railroad. Gates and locks will bar the public.

The two further crossings affected are both in San Mateo, one at 39th avenue and the other at Mills avenue. The Mills avenue crossing will continue under private use.

In ordering the peninsula crossings closed to all or partial traffic, the commission declared:

CROSSINGS 'NOT IDEAL'

"It is apparent on the unhappy record of fatal accidents that grade crossing conditions in the area under consideration are not ideal. We are of the opinion that conditions ought to be improved by concentrating traffic at the minimum number of crossings consistent with public convenience and providing adequate protection at the crossings to be used."

Cities on the peninsula have protested to the commission that it was overstepping its authority in attempting to order the crossings closed.

POSTS TO BE PLACED

In their order the commission advised the city councils to take immediate steps to close the crossings by erection of barriers.

The Beech street crossing in Redwood City is just below Main street.

The city council is taking steps to install safety devices at all crossings in Redwood City which are to remain.

San Carlos is expected to particularly feel the effect of the two closings as this leaves that city with limited facilities for reaching the eastern industrial section. Only Holly street at the depot and Brittain avenue remain.

S. M. COUNTY'S BRIDGE PLEA IS REJECTED

Railroad Commission Refuses Rehearing On Franchises

Petition of the San Mateo County Board of Supervisors for a rehearing on issuance of railroad service certificates to the Southern Pacific and Key System over the Oakland bay bridge was denied Monday by the California Railroad Commission, according to the Associated Press.

The county supervisors petitioned on the ground that granting a permit to the Interurban Electric Railway Company, subsidiary of the Southern Pacific, would endanger peninsula transportation advantages in comparison with the East Bay.

The commission said in its order: "Since the discrimination between communities ought to be unreasonable to be unlawful, and since the commission retains all jurisdiction because it eventually has to pass upon the reasonableness of Southern Pacific service to the peninsula, the arguments advanced by the petitioners would seem to be without merit."

Tax Collector Works Saturday Afternoon

County Tax Collector Ambrose McSweeney announced today that his office in the courthouse would be open Saturday afternoon until 5 o'clock for the payment of taxes. Deadline for payments without penalties is Monday, April 20.

Ten New Students Reported at Sequoia

An "unusual" increase of 10 in the student body at Sequoia high school was noted today by Mrs. Petra B. Cooper, attendance secretary.

Over the Easter vacation the number of students at Sequoia jumped from 1515 to 1525, Mrs. Cooper said. This is uncustomary increase for this season of the year, she said.

McCARTHY DELAY DENIED

Motion to postpone the McCarthy will contest case in San Diego was denied today by Superior Judge Arthur Mundo, the United Press reported. As a result, the suit in which Mrs. Mayzellia Ann McCarthy and her son, Francis, seek to break the will of Dr. Charles F. McCarthy, late San Mateo eye specialist, must go to trial Wednesday. Delay was sought because of Francis' illness.

Menu Flashes by Joan Andrews

The arrival of spring is not only heralded by flowers, showers and sunshine, but by a fresh crop of onions. This is the occasion for cheers and huzzahs by lovers of this pungent bulb. For a new and delicious way to serve onions, try parboiling them, scooping out the centers and filling the hollows with a mixture of bread crumbs, chopped parsley, finely chopped ham or other cooked meat, seasonings, onion and Golden State evaporated milk. Put the stuffed onions in a buttered baking dish, sprinkle them with buttered crumbs and bake.

The use of Golden State evaporated milk will lend a rich, buttery taste to the dressing. Try Golden State evaporated milk in cream sauces, in puddings—in any recipe where extra richness and smoothness is desirable. You'll like its rich, delicate flavor.

Amazing Stove Demonstration

AT WARDS

TODAY

Friday, April 17th, 2 P. M.

Gifts Refreshments

"The most astounding demonstration I've ever seen"

said one housewife. "I had no idea that such amazing developments had been made in gas, gasoline and kerosene ranges! And such beautiful ranges! I don't see how Wards can afford to build such quality stoves and sell them for so little!"

We're sure you'll share this sentiment! And we know you'll learn a great many useful things about cooking, baking and broiling. Even though you are not interested in immediate purchase we want you to come to this extraordinary demonstration!

SEE—4 Angel Food cakes baked in the corners of a Ward Double Quick gas range oven with only 12 minutes of gas used! No pre-heating!

SEE—10 one-pound loaves of bread baked at one time in a kerosene range without a loaf moved or turned! No pre-heating! Evenly browned!

Cooking utensils, toilet articles and other household helps will be given away. Cakes, biscuits and meats prepared during the demonstration will be served to all attending!

School Paper Wins Awards

Sports Page Highly Praised By College Press Association

Detailed ratings of the Sequoia Times in the recent national high school paper competition of the Columbia Scholastic Press Association reached the local high school today, disclosing that the sports page put out by Bob Garcia had gained special commendation.

This page was given 69 out of a possible 70 points, one point short of perfect, according to Miss Louise Watkins, journalism instructor. The entire paper received 913 points out of a 1000 points, winning medalist honors in the senior high school class.

The Sequoia Times was praised for its "good news coverage, well written stories and good columns,' especially the "Our World Column" of Editor Marston Girard, the report said.

For make-up the paper received 224 out of 250 points; for writing, technique and interest, 534 out of 575; for advertising, 95 out of 100, and for general consideration, 60 out of 75. This last rating was a bonus, which, according to the association's report, was awarded "only for special merit."

Hirschey Quits Post As Census Director

SAN MATEO, April 15—Claude J. Hirschey has wired W. L. Austin, director of the bureau of business and manufacturing census in Washington, resigning as eighth district supervisor effective April 19 because of his securing of permanent employment with the new San Francisco Bank branch in Burlingame. Hirschey, former chairman of the county Democratic Central Committee, recommended that John H. Meyer, his assistant, be appointed to succeed him.

THIRD CRASH VICTIM DIES

DALY CITY, April 15.—Four days of suffering were ended today for Mrs. Mary Wafford, 65, of Daly City. She died at Mt. Zion Hospital, the third victim of the accident in San Francisco between a trackless trolley and an auto.

German Opera Cast Selected For Show Here

Cast for the German opera, "Haensel and Gretel," which is to be given by members of the Stanford Germanic language department and their wives Friday afternoon at Sequoia high school, was announced Tuesday by Julianne Wolters, vice principal and German instructor in charge of plans.

The role of "Haensel" will be taken by Dr. Bayard Quincy Morgan, head of the departhment and noted American poet. With the other actors he will give the dialogue in German to accompany the music on recordings. Preceding the opera Dr. Morgan will give the synopsis in English.

The rest of the cast will be: father, Prof. A. E. Sokol; mother, Mrs. Camillo von Klenze, wife of a German exchange professor from the University of Munich; witch, Mrs. Bayard Quincy Morgan; Gretel, Miss Maude Hausmann, and angel, Mrs. A. E. Sokol. The stage directions will be given by H. Bruster.

Admission to the opera at 1:30 o'clock in the auditorium will be 10 cents, funds going to the high school German department for construction of a German garden in the school grounds.

'TB' Prevention Group To Broaden Activity

Formulation of ways and means to broaden the activities of the San Mateo County Association for Prevention of Tuberculosis were in the hands of a 14-man committee today following a meeting in San Mateo of the association and the county medical society. Among those representing the county association was J. Elmer Morrish of Redwood City, second vice president.

I've Found That the PENINSULA BAKERY Makes Variety Easy

Here's a rule that's always good! Plan your meals for variety, and watch your family enjoy them! It's easy, too, when you let the ACCENTS of the meal vary them; different breads, delightful desserts, entrees served on toast or in easy-to-make "bread baskets"! Peninsula Bakery will help; get the habit of asking for our daily specials, and you'll find your menu problems solved!

MOORE, COAST PIONEER, DIES IN 84TH YEAR

82 Years' Residence In Pescadero Ends For Rancher

William A. Moore, who was born July 19, 1851, in Santa Cruz and who has lived in Pescadero for the past 82 years, having been taken there by his parents when he was two years of age, passed away Wednesday at his home following a six weeks' illness.

Mr. Moore, who was a rancher, had been retired for the past 18 years.

He was the son of the late Mr. and Mrs. Alexander Moore, who crossed the plains in 1847—a year before discovery of gold and while California still was under the Mexican regime. The parents settled at once in Santa Cruz.

Mr. Moore was married on April 9, 1883, to Miss Hattie Huff, who survives him. The couple had feted their 53d anniversary of their wedding only last Thursday.

Mr. Moore was a member of the Pebble Beach parlor, No. 230, Native Sons of the Golden West, and the late Walter E. Moore of which organization he has been an ardent supporter.

Besides the widow, Mr. Moore leaves a son, James A. Moore, and a grandson, Clifford Moore. He was a brother of Joseph L. M. Moore of Boulder Creek; Mrs. Ida J. Steele of Pescadero; the late Eli D. Moore of Pescadero; the late David E. Moore of Redwood City, and the late Walter E. Moore of Pescadero.

Many other relatives in this county and in the state also survive, including Constable Walter Moore of Pescadero, a nephew, Mrs. Ida Mesquite and Mrs. Bernice Etcheber, San Francisco, nieces.

Transformers, Platform Burn In Evening Fire

Fire which started from a spark from an incinerator in the yard of the Progress Lumber Company in the south end of the city shortly before 7 o'clock Tuesday ignited the base board under three electric transformers atop a pole, damaging the platform and charring the transformers before being extinguished by the local fire department.

Damage was slight, according to L. E. Wolbert, Pacific Gas and Electric Company superintendent. Service was not interrupted by the blaze.

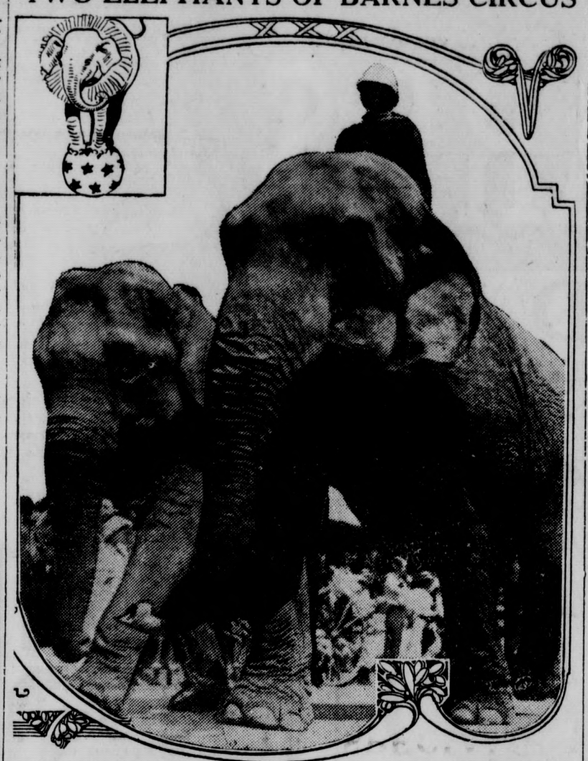
Fall at Easter Rites Causes Broken Leg

DALY CITY, April 13.—Falling down stairs while attending Easter services at the Masonic Temple in Daly City yesterday, George Felsch Jr., 14, broke his leg. He was teated at the Community Hospital in San Mateo.

GIRVINS BUY HOME HERE

Purchase by W. H. Girvin, court reporter, and Mrs. Girvin of a home in Redwood Highlands from the Redwood Highlands Company, Ltd., was disclosed today with filing of the deed with Recorder T. C. Rice. Price paid for the property, according to federal revenue stamps attached, was $9000.

TWO ELEPHANTS OF BARNES CIRCUS



Here are two pilot elephants which will be seen with the Al G. Barnes circus when it comes to Palo Alto next Tuesday, April 21, for performances at 2 and 8 p.m. The circus will have some 30 of these huge animals taking part in the show.

Demand Made For Pay Boost

Workers Union Scores Pay of $55 Monthly From Supervisors

Under threats to bring a massed delegation to the chambers next Monday, the Public Works and Unemployed Unit No. 77 Monday demanded of the board of supervisors payment of prevailing wages (union scale) on all WPA projects.

The board, taken by surprise in the visit of the delegation headed by F. M. Lintner of Menlo Park, declared its willingness to pay prevailing wages if the group could point out from what source the funds would come.

Lintner and his group protested the $55 paid for 120 hours work monthly and demanded that the amount be raised or that the hours of work be cut down.

COUNTY PEDDLER CODE ADOPTED

The board adopted a peddlers' ordinance requiring payments of from $12.50 for the simplest types of services to $300 for fleet truck operators.

Eric Alsford of San Gregorio, on behalf of eight merchants of the Coastside district, appeared in behalf of the ordinance. The code will apply to all unincorporated areas in San Mateo county.

FREE FRANCHISE HELD BY UTILITY

Grant of a free franchise to the private power utility in 1897 which is now held by the Pacific Gas and Electric Company was revealed to the board by Asst. Dist. Atty. Daniel Sullivan.

Sullivan said this would run to 1947 before the county could secure any franchise taxes off it.

3 Tests Set May 9 For Patrol Positions

Three locations are set for the May 9 examinations for state highway patrol officers, Sen. Harry Parkman of San Mateo has just been advised by Ray Ingels, director of the department of motor vehicles. The tests will be held in San Francisco, Sacramento and Los Angeles.

The eligible list created by the examinations will eliminate the old lists created some time ago, Ingels told Parkman. The director, however, expressed hope "that this procedure will eliminate a lot of trouble we have in appointing patrolmen."

"It may be advisable, after the eligible list is set up, that it be by districts so that a man may receive an appointment in or near his own county," Ingels said. "That is something entirely up to the personnel board."

Supervisor Witt had proposed a franchise tax on the utility.

The firm recently petitioned for a franchise and offered $1,500 in payment. Action was deferred by the board for further study.

OTHER ITEMS BEFORE COUNTY

Other actions included:

Ordered Engineer Marshall to work up a project on a $50,000 Geneva avenue connection in Visitacion Valley with the livestock pavilion.

Approved appointment of Ian J. Campbell as an agricultural assistant.

Postponed for one week consideration of an ordinance affecting handling of bakery goods.

Approved appointment of an extra deputy in the Colma region to handle agricultural shipments.

Agreed to require the union label and to buy all printing in San Mateo county whenever price and quality were equal.

Permitted consolidation of the $300,000 San Mateo city 1915 bond act debt election on the May 5 primary.

Joan Andrews' MENU OF THE WEEK

One of the most delightful forms of entertaining, I think, is the breakfast party. There is something so gay and informal about these occasions when breakfast and lunch are combined into one festive and delightful meal. Here is a menu for a big breakfast party—one that caters to really hungry people. Waffles, of course, are featured—but this time the waffles are different and are used more as a dessert than part of the meal itself. (That makes it easier on the waffle-maker!)

Grapefruit baskets
Puffy Easter eggs
Crisp bacon *Sautéed apple rings*
Toasted English Muffins
Chocolate nut waffles
Coffee

The chocolate nut waffles are made by sifting together 2 cups of pastry flour, ⅓ cup of sugar, ⅓ cup of ground chocolate or 3 tablespoons of cocoa, ½ teaspoon cinnamon, ¼ teaspoon nutmeg, 4 teaspoons baking powder, ½ teaspoon salt. Beat 2 egg yolks and add 1¼ cups of milk. Stir liquids into dry ingredients and add ½ cup melted butter. Fold in stiffly beaten egg whites and ½ cup finely chopped nuts and bake in hot waffle iron. This makes 7 or 8 large waffles.

To make puffy Easter eggs, separate the yolks and whites of as many eggs as you need. Add a little salt to the whites and beat until stiff. Pile in a shallow, buttered casserole. Drop whole egg yolks on top and bake in a slow oven about 15 minutes.

Early Hearing On Charter Test Seen in Actions

Filing of an amended complaint for injunction in John C. Griffin's charter test suit and announcement by Dist. Atty. Gilbert Ferrell that he soon would enter demurrers to the action today promised an early hearing on the question of legality of the charter's provision for electing supervisors from districts.

Griffin, announced candidate for supervisor from the third—Redwood City, Atherton, Menlo Park and Woodside—district, in his amended petition clarified reasons for his action. In the suit, brought through Atty. Frank V. Kington, he charges that votes on "original" and "alternative" propositions on the ballot, presented together on the ballot, were not voted on "without prejudice to the other."

One proposition called for election of supervisors by districts; the other, by the county at large.

'Lefty' O'Doul Averts Injury in Accident

SAN MATEO, April 14.—"Lefty" O'Doul, manager of the San Francisco Seals baseball team, and Joe Cohen, Bay Meadows track official, escaped injury in an automobile accident on the Bayshore highway in San Mateo where O'Doul's machine collided with one driven by James B. McDonald, 42, of San Mateo. Police reported that O'Doul plans to swear out a warrant charging McDonald with driving while intoxicated.

MEASLES OUTBREAK NOTED

An outbreak of measles in Burlingame was noted last week, 19 cases being reported there, Health Director Charles Gans' weekly morbidity report disclosed today. Five cases were reported in San Bruno. Redwood City and San Carlos had none; Menlo Park, one.

Ferrell's expected demurrer will throw the case before Superior Judge Maxwell McNutt for hearing.
